Re: North Star Soviet LNG Project

Dear Gen. Scowcroft:

Apropos of our recent discussions and correspondence with regard to the North Star LNG Project, I am enclosing a copy of a doctoral dissertation published in February, 1975 on the subject of North Star. The dissertation is significant because it is the first major third-party analysis of the Project. To the extent that your Staff is or will be evaluating North Star, I think you will find the dissertation a valuable resource.

Henry Cashen and I will keep you advised as to any progress on North Star.

Sincerely,

Frederick M. Lowther
